COVID-19 has put our existing healthcare system under unprecedented stress, and it was felt that there is a requirement of skilled COVID warriors across the country. In order to meet this deficit of skilled COVID warriors and augmentation of available healthcare services with limited span of time, Ministry of Skill Development and Entrepreneurship (MSDE) has undertaken a programme to create a pool of trained/skilled COVID warriors with scale, speed and as per standardised skilling ecosystem.

Accordingly, the 'Customised Crash Course Programme for COVID Warriors' is designed as a special programme for its effective implementation under Special Project category of Pradhan Mantri Kaushal Vikas Yojana 3.0 (PMKVY 3.0) The present programme has been devised specifically keeping in mind the COVID-19 related challenges and to enable a robust response mechanism to any ensuing COVID-19 related exigency.
